INDEPENDENT CONSUMER TESTS

issuing organisation	not applicable
test protocol	UNRATED
adult occupant protection	
child occupant protection	
child restraint for 3 year old	not applicable
child restraint for 1.5 year old	not applicable

COMMENTS

In 2021, a serious seat track failure was observed in a made-in-India Nissan Almera (Sunny) during testing by Global NCAP for the #SaferCarsForAfrica project. The test car was fitted with equipment not available in India (ISOFIX anchorages and a three-point belt in rear centre seat), so the result is not shown here; however, more information is available in the Global NCAP press release.
